## 1 Description

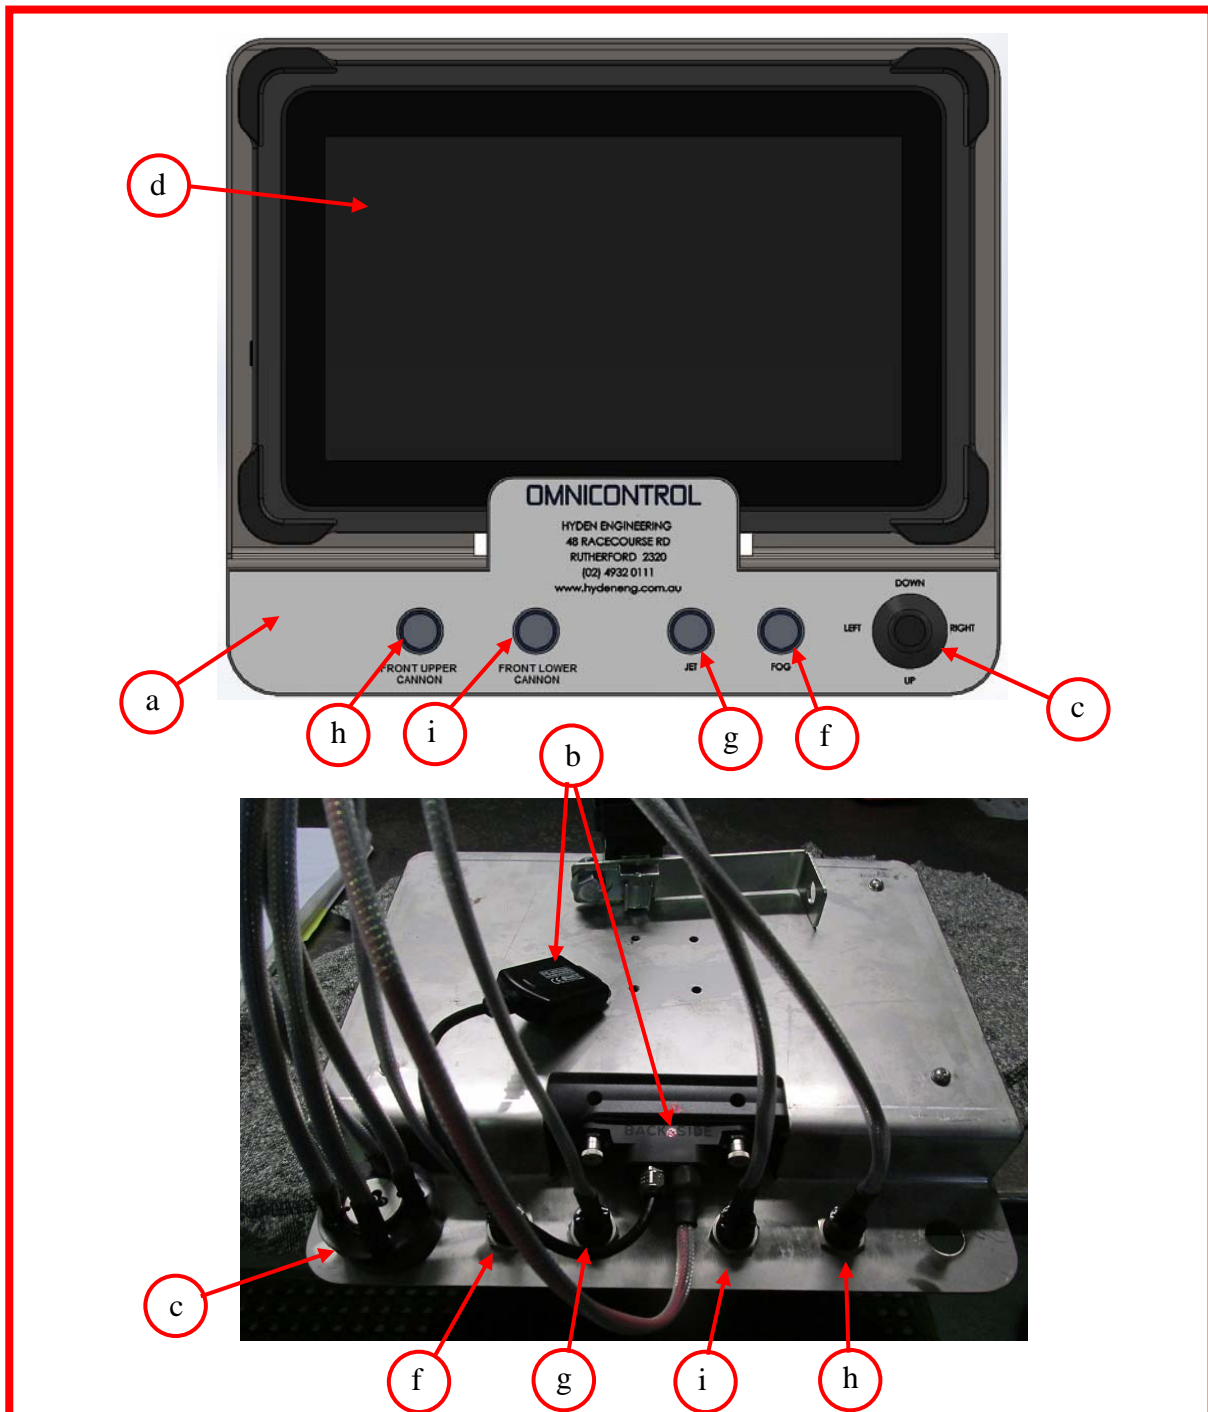

The HYDEN699-CB control station consists of a touch screen OmniControl tablet, tablet holder with cannon joystick, jet, fog and cannon selection push buttons and associated harnessing. The assembly is mounted in the water trucks cabin and forms the interface for the operation of the EnviroSpray water system.

Please refer to separate manual for operation of tablet and EnviroSpray APP.

## 2 Components

### 2.1 Identification

The following photos identify the spare parts listed in the table on the following page.

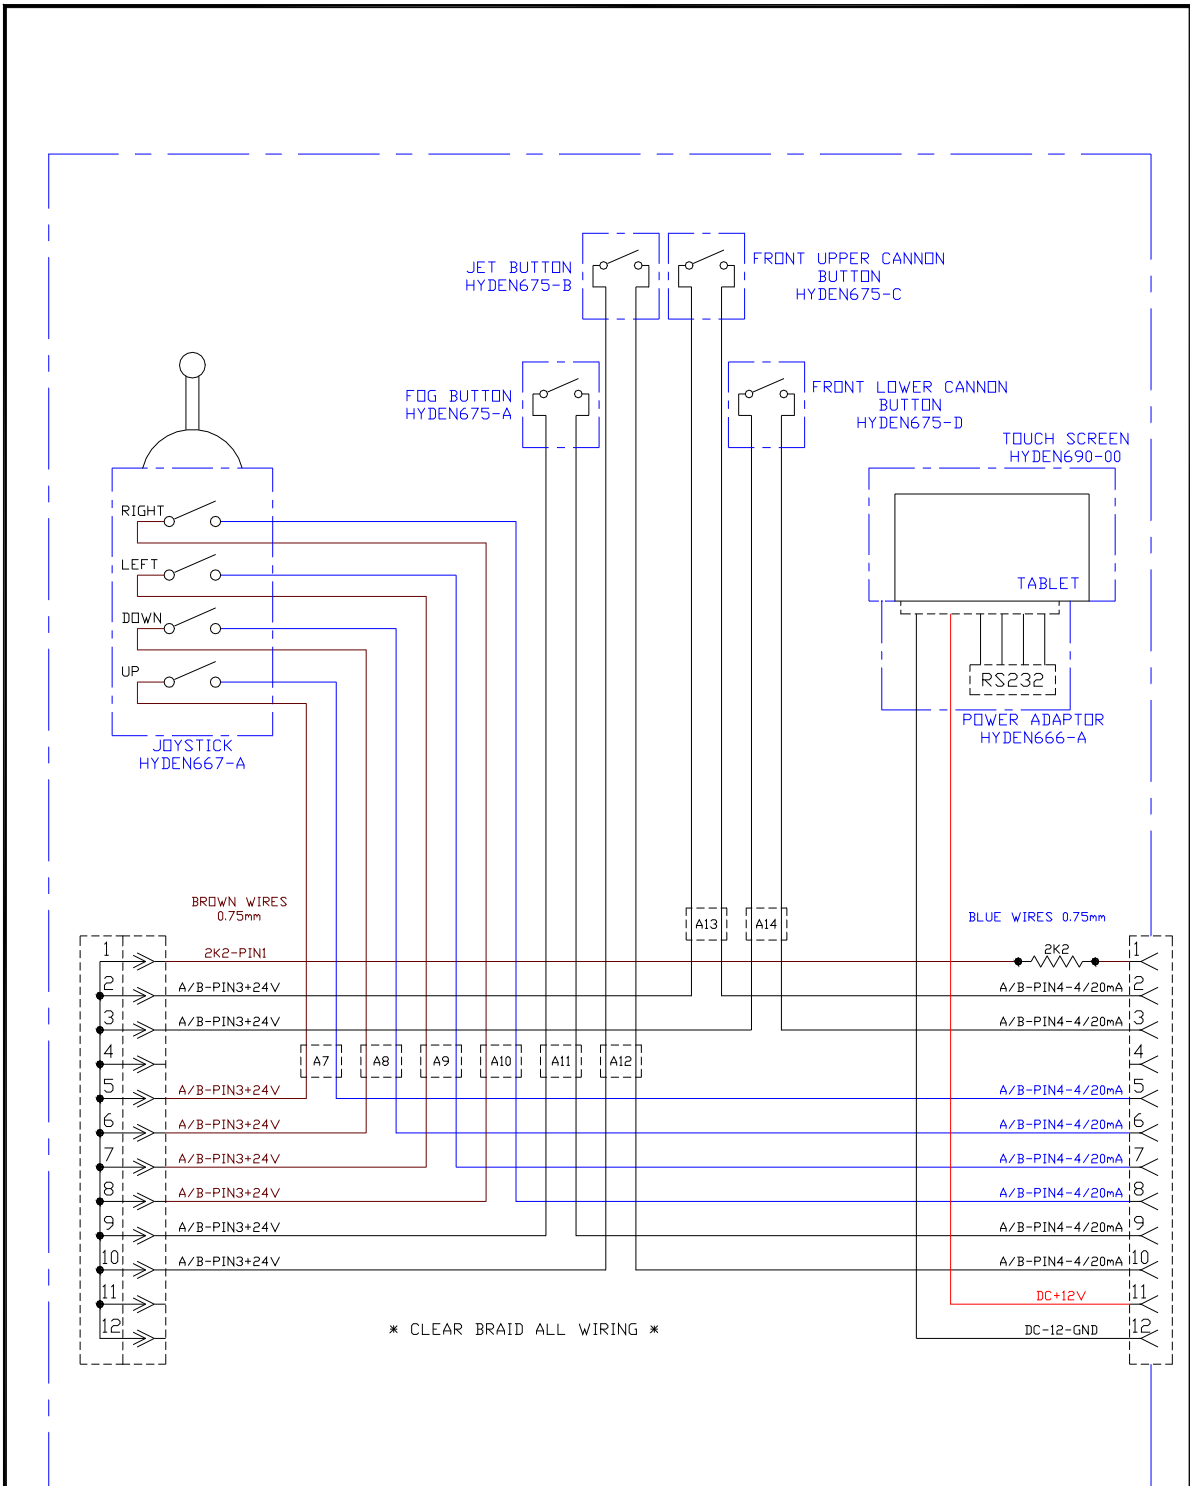

## 2.2 Spare parts table

Note: further component details can be provided by contacting Hyden Engineering.

Ref.	Description	Qty	Part / Assembly	Preview
a	Tablet holder sticker	1	HY-3372AAA	
b	Power adaptor harness	1	HYDEN666-A-AAA	
c	Joystick 4-position	1	HYDEN667-A-AAB	
d	Touch screen tablet	1	HYDEN690-00-AAA	
e	Mount post	1	Machine specific Contact Hyden Engineering	
f	Fog push button	1	HYDEN675-A-AAB	
g	Jet push button	1	HYDEN675-B-AAB	
h	Front Upper cannon push button	1	HYDEN675-C-AAA	
i	Front Lower cannon push button	1	HYDEN675-D-AAA	

### 3 Electrical Schematic

The following electrical is for the standard HYDEN699-CB build specification.
